

“Vistaar Wins IFC – Mint Strategy Award”

With immense pleasure, we would like to inform you all that the Company has added another feather in its cap of accolades. Vistaar has won the ‘IFC – Mint Strategy Award’ also known as ‘Porter Prize’ in the ‘Finance, Banking and Insurance’ category for the year 2016.

The Mint-Institute for Competitiveness Strategy awards annually recognises and honour the best Companies operating in India that through their strong strategy have created their own niche. Organisations operating in India who have shown exemplary strategic acumen are recognised and assessed on a robust framework. The participating Companies go through a rigorous process so as to evaluate the sustainability and competitiveness of their business model. The winning Companies not only stand out in their respective industry but also equally contribute towards the prosperity of the country.

This award is a testimony of our successful and proven business model which serves the MSME segment effectively.

Earlier, the Company has won the following awards during the current financial year so far-

- ‘The India CFO Award for Excellence in Finance in a Start-Up’ by International Market Assessment (IMA), in May’16, awarded to our CFO
- SKOCH Award for ‘Segment Leadership & Financial Inclusion’, in June’16
- ‘Best Financial Reporting of the Year: Medium Business’ award by CMO Asia (for second year in a row), in August’16

We are certain that the hard work of our employees and strong support from our various stakeholders would help to win more such awards and accolades going forward too.

Thank you for your continued support.

Best Regards

Brahmanand Hegde, Exe. Vice Chairman & Ramakrishna Nishtala, MD & CEO

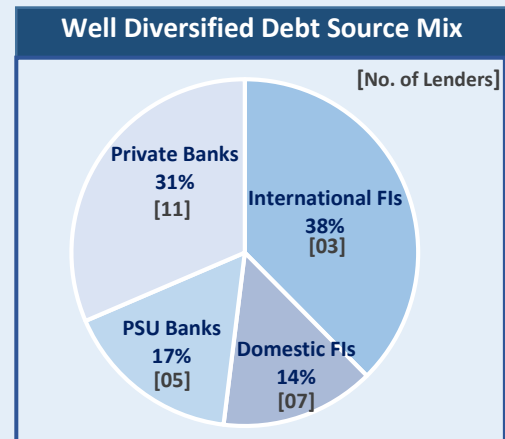

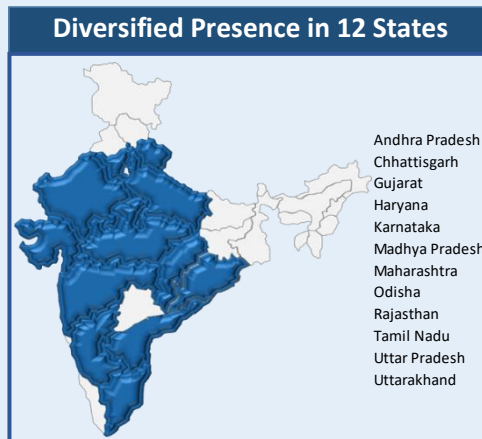

Mr. Jayant Sinha, Minister of State for Civil Aviation, presenting the award to Mr. Brahmanand Hegde and Mr. Ramakrishna Nishtala
